Simplification of EU Funds Management for managing authorities and beneficiaries

Thematic corner devoted to simpler, more results-oriented EU Funds management[/vc_column_text][vc_column][vc_row][vc_row el_class="col-3"][vc_column width="1/2"][vc_column_text]

Why Simplification?

[vc_column_text][vc_column_text css_animation="appear"]EU Funds often come with heavy administrative burdens for managing authorities, beneficiaries and everyone involved in their management. In an effort to cut red tape, a number of simplification proposals have been put forward by the Commission to ensure the simplification of control systems, programmes and projects: reducing the number of controls, making EU financial rules simpler and more focused on results. Our Simplification thematic corner brings the latest news and trainings on this issue.

ETCP's Director Franck Sottou has identified **10 Key Simplification Areas** in the context of EU Funds Management.
