ETCP Seminar 2025 - Mastering the New Financial Chapter of National and EU plans: MFF 2028-2034

PARIS

Mastering the New Financial Chapter of National
and EU plans

About ETCP

Background & Core Values

Since 2005, ETCP has been delivering trainings and specific supports for authorities in charge of planning, programming, implementing, monitoring and evaluating, certifying and auditing projects and programmes in the field of implementation of European funds.

Our core values are related to integrity and effectiveness of management in line with the best international and European practices. We insist in particular on sound risks management and sampling methods to get reasonable assurance in an efficient and effective way (prevention, detection and correction or errors).

ETCP Training Areas

ETCP is training public officers with direct effects on tools, processes and skills in the fields of:

Risk-based Verification Methodologies

Advanced verification techniques using risk assessment and sampling methods for efficient control

Administrative & On-the-spot Checks

Comprehensive controls including document verification and physical audits to ensure compliance

Management and Control Systems

Design and implementation of robust systems to ensure sound financial management

SCOs, State Aid & Financial Instruments

Simplified Cost Options, compliance with State aid rules, and implementation of financial instruments

Locations & Trainer

 Paris Headquarters

 Zagreb Antenna

 Training in English

Franck SOTTOU

Franck SOTTOU will be the lecturer for this Seminar and will deliver the training in English. With extensive experience in European funds management, Franck brings practical knowledge and expertise to ensure participants gain applicable skills.

Training Overview & Legal Framework

COM(2025) 545 final Regulation

Establishing budget expenditure tracking and performance framework for the new Multiannual Financial Framework (MFF) 2028-2034.

 Article 322(1) TFEU

 2028-2034 Period

 Performance Framework

Program Duration

2 intensive training days (September 4-5, 2025) with comprehensive modules on budget tracking and performance implementation

Target Audience

EU program managers, policy officers, Member State authorities, and implementation teams

Learning Approach

Combination of theoretical sessions, practical workshops with templates, and interactive role-play exercises

Certification

Professional certificate upon completion of training with follow-up implementation guidance

Program Objectives

Master the new financial chapter of National and EU plans with a focus on budget expenditure tracking and performance framework implementation:

- Understand the MFF 2028-2034 architecture and financial instruments
- Implement performance tracking across management modes
- Navigate the Single Gateway portal and digital reporting systems
- Apply simplified cost options and administrative burden reduction
- Incorporate horizontal principles (climate targets, DNSH, gender equality)

Day 1 Agenda: Strategic Framework & Financial Instruments

📅 Thursday, September 4, 2025

| | |
|------------------------------|---|
| 9:00-10:45 105 min | Welcome & Key Concepts + Module 1: MFF 2028-2034 Architecture Opening session focusing on participant background assessment and the new COM(2025) 545 final regulation. Overview of the Multiannual Financial Framework structure and budget tracking methodologies. <ul style="list-style-type: none"> ✔ Strategic priorities ✔ Programming methodology ✔ Climate targets (35%) ✔ DNSH principles ✔ Intervention fields |
| 10:45-11:00 15 min | Morning Break Networking opportunity and refreshments |
| 11:00-12:30 90 min | Module 2: Financial Instruments Deep-Dive (InvestEU 2.0, Blended Finance) Evolution of financial instruments in the new MFF period with focus on implementation mechanisms and private sector engagement. <ul style="list-style-type: none"> ✔ InvestEU 2.0 ✔ Blended finance ✔ Risk-sharing ✔ Three-tier EU coefficients ✔ Competitiveness |
| 12:30-14:00 90 min | Lunch Break Networking lunch with participants and speakers |
| 14:00-15:30 90 min | Module 3: Performance Framework & Results Orientation Single expenditure tracking and performance framework (COM(2025) 545 final) with harmonized intervention fields. <ul style="list-style-type: none"> ✔ Output indicators ✔ Result indicators ✔ Management modes ✔ Climate tracking ✔ Monitoring systems |
| 15:30-15:45 15 min | Afternoon Break Short refreshment break |
| 15:45-16:30 45 min | Module 4: Hands-On Workshop - New Plans Design Interactive session using the standardized intervention fields from Annex I and template utilization. <ul style="list-style-type: none"> ✔ Intervention fields ✔ Performance indicators ✔ EU coefficients ✔ Gender equality scoring ✔ DNSH assessment |
| 18:30 Evening | Evening Experience - Thursday Only Authentic Paris Culinary Immersion - Cooking workshop with Parisian chef exploring French cuisine techniques <ul style="list-style-type: none"> 🍴 Culinary Experience 👥 Networking 📍 Paris Venue |

Day 2 Agenda: Simplification & Implementation Tools

9:00 - 10:45

Module 5: Administrative Simplification Revolution + Module 6: Role Play 1

Administrative Simplification (9:00-9:45): Simplified Cost Options framework, Digital-first approach, Streamlined reporting, 25% administrative cost reduction target

Role Play 1 - Beneficiary Application (9:45-10:45): Simulated application process, Assessment criteria incorporating DNSH and gender equality principles

- ✓ SCOs Framework
- ✓ Digital Gateway
- ✓ Burden Reduction
- ✓ Practical Application

10:45 - 11:00

Morning Break

Networking and refreshments

11:00 - 12:30

Module 7: Digital Transformation & Platform Integration

Single Gateway portal demonstration, Integrated management and control systems, Electronic data exchange protocols, Data sharing and GDPR compliance, 35% SME burden reduction technologies

- ✓ Dashboard Tools
- ✓ Interoperable Databases
- ✓ Data Protection
- ✓ Electronic Exchange

12:30 - 14:00

Lunch Break

Networking opportunity with speakers and participants

14:00 - 15:30

Module 8: Role Play 2 - Performance Monitoring & Compliance Verification

Monitoring system simulation using standardized indicators, Compliance verification for horizontal principles, Climate and environment spending target tracking (35% overall target), Risk assessment and audit trail documentation

- ✓ Performance Tracking
- ✓ Climate Targets
- ✓ Risk Mitigation
- ✓ Audit Documentation

15:30 - 15:45

Afternoon Break

Final networking opportunity

15:45 - 16:30

Module 9: Implementation Planning & Action Roadmap Development

Transition planning from 2021-2027 to 2028-2034 framework, Stakeholder engagement strategies, Timeline development with delegated acts, Resource allocation and capacity building, Final presentations

- ✓ Transition Planning
- ✓ Stakeholder Engagement
- ✓ Timeline Development
- ✓ Capacity Building

Key Features of MFF 2028-2034

Simplified Indicators Framework

The new MFF introduces a dramatic simplification of monitoring indicators to improve efficiency and focus.

5,000+

Previous MFF indicators

VS

700

New single list of intervention fields

35% Climate Target

Enhanced climate spending with triple coefficient system (0%, 40%, 100%) for transparent tracking across all budget lines

Digital Transformation

Single Gateway portal development with integrated management systems and electronic data exchange between Member States and Commission

Gender Mainstreaming

New scoring methodology (scores 0, 1, 2) to assess and track gender equality impact across all EU budget activities

Do No Significant Harm

DNSH principle integrated as horizontal requirement across all intervention fields with standardized assessment methodology

Administrative Simplification

25% administrative burden reduction target with streamlined reporting through Annual Management and Performance Report

Results Orientation

Output and result indicators directly linked to intervention fields with harmonized performance monitoring across all management modes

Cross-Cutting Principles

The MFF 2028-2034 integrates horizontal priorities across all EU budget expenditure:

Climate (35% target)

Gender Equality

Digital Transformation

Social Policies

Competitiveness

DNSH Principle

Target Participants

Who Should Attend This Training?

This specialized training program is designed for professionals involved in the implementation, monitoring, and management of EU and National Plans under the new MFF 2028-2034 framework. Participants will gain expertise in the new budget expenditure tracking and performance framework.

 Limited to 30 participants

 English working language

 Laptop required

EU Program Managers

Officials responsible for EU funding programs implementation, monitoring, and evaluation across all management modes

Policy Officers

Specialists developing and interpreting the new regulations on budget tracking, climate targets, and performance framework

Member State Authorities

National representatives tasked with implementing EU funding programs and ensuring compliance with the new framework

Implementation Teams

Operational staff working directly on program implementation, reporting, and dashboard development for the Single Gateway

Financial Specialists

Experts handling financial instruments, budget management, performance tracking, and financial reporting systems

Verification Officers

Professionals conducting compliance checks, monitoring program implementation, and ensuring adherence to horizontal principles

Additional Target Groups

The training is also valuable for:

- Regional development agencies
- Audit authorities
- Climate tracking coordinators
- Beneficiary organizations
- EU budget specialists
- Digital transformation managers

Learning Methodology

Multi-Faceted Learning Approach

Our comprehensive methodology combines theory with hands-on practice to ensure optimal understanding and application of the new MFF 2028-2034 performance framework.

 Theory-to-Practice

 Interactive Learning

 Digital Integration

 Collaborative Approach

Theoretical Sessions

Expert-led presentations on the COM(2025) 545 final regulation, performance framework, and financial instruments with Q&A opportunities

Practical Workshops

Hands-on exercises using standardized intervention fields, EU coefficients templates, and performance indicators from Annex I

Interactive Role-Play

Simulated application processes, selection committees, and verification scenarios based on real-world implementation challenges

Scenario-Based Exercises

Practical case studies incorporating DNSH principles, gender equality scoring, and climate tracking methodologies

Single Gateway Portal

Navigation training for the new integrated digital platform with performance dashboards and funding opportunities interface

AI Reporting Tools

Introduction to artificial intelligence applications for compliance verification, monitoring, and performance reporting

Implementation Guides

Comprehensive templates, checklists, and practical tools for immediate application of the performance framework

Action Planning

Development of personalized implementation roadmaps and transition strategies from 2021-2027 to 2028-2034

Investment & Pricing

What's Included

Your investment covers everything needed for a comprehensive learning experience:

Complete Workshop Materials

Comprehensive workbook, implementation guides, and reference materials based on COM(2025) 545 final regulation

Specialized Tools & Templates

Financial modeling templates, SCO calculation tools, and practical implementation resources

Interactive Sessions

Role-play sessions, hands-on workshops, and authentic Paris culinary experience

Digital Platform Access

12-month access to Single Gateway portal training environment with continuous updates

Full Catering Services

All breaks, lunches, and the exclusive Paris Culinary Workshop networking experience

Professional Certification

Certificate of Professional Development and MFF 2028-2034 implementation guidance

Registration Information

-  **Limited to 12 participants** for optimal interaction and hands-on learning experience.
-  For customized group solutions or special accommodation requests, please contact our team directly.

Contact & Registration

Secure Your Place Today

Registration is now open for the PARIS Special News Event 2025 on Mastering the New Financial Chapter of National and EU plans (MFF 2028-2034). Spaces are limited to ensure optimal interactivity and networking opportunities.

📅 September 4-5, 2025

📍 Central Paris

👥 Limited to 12 participants

✓ Register Now

☰ Registration Process

Complete the online form at www.etc.fr/register/ with your professional details. You'll receive immediate confirmation and access to pre-event materials within 24 hours.

👤 Limited Availability

Registration is limited to 12 participants for optimal interaction and hands-on learning. This ensures intensive learning, personalized attention, and valuable networking in an exclusive Central Paris setting. Early registration is strongly recommended.

📍 Exclusive Central Paris Venue

The training will be held in a prestigious location in Central Paris, easily accessible by public transportation. Exact venue details will be provided upon registration.
